

**A Message from the Chair:**

We would like to congratulate the awardees for their excellent research and participation in the HUPO2009 World Congress. A total of 117 awards were provided to support young investigators from 28 countries/regions. We wish the continued success of the young investigators in proteomic sciences.

Our sincere appreciations for those provided generous support for the HUPO2009 Young Investigator Awards, Genome Canada, Genome British Columbia, Thermo Scientific and Agilent Technologies. In parallel, our special thanks go to HUPO2009 Keynote Lecture Speakers and many Invited Speakers, who made personal contributions to support the HUPO2009 Young Investigator Award.

I wish you sincere congratulations and a successful meeting.

Professor John R Yates III  
Chair of HUPO2009 Young Investigator Awards Committee
